

ACADEMIC PROGRAMS

MAJOR IN ENTREPRENEURSHIP

The major in Entrepreneurship (ENTR) prepares students to launch a startup, foster innovation for an established company and develop sustainable solutions to important societal problems.

MINOR IN ENTREPRENEURSHIP

The minor in Entrepreneurship amplifies the value of any academic area of study by helping students to develop an entrepreneurial mindset and a skillset that includes creativity and innovation.

MINOR IN SOCIAL ENTREPRENEURSHIP

Teaches students how to develop creative and financially sustainable solutions to societal and environmental problems.

INNOVATION & ENTREPRENEURSHIP CERTIFICATE PROGRAMS

Represents all seven colleges at the University of Delaware. Any UD student may complete 9-10 credits to earn a certificate in: [Design & Creative Making](#), [Eco-Entrepreneurship](#), [Entrepreneurial Leadership](#), [Innovation & Entrepreneurship for Health, Food Systems](#), [Innovation & Entrepreneurship](#), [Social Innovation & Entrepreneurship](#) or [Technology Innovation & Entrepreneurship](#).

DELAWARE INNOVATION FELLOWS

Delaware Innovation Fellows (DIF) brings together and supports like-minded creative, innovative and entrepreneurial undergraduate students from any major to collaborate on the ideation and execution of new ideas. [Learn more: udel.edu/dif](http://udel.edu/dif)

TESTIMONIALS

"Horn offered countless resources for me to delve into the world of entrepreneurship: Space to work, mentors to help me along the process, and even startup funds to help my venture get off the ground."

- Farhad Baqi, '16

"The people you meet through Horn Entrepreneurship, both students and faculty, are so kind and motivating. It's an amazing environment to be in during your college years."

- Anonymous, '18

"I chose to go to UD because of Horn Entrepreneurship, and I am so happy that I did. I had a very eventful and exciting college career. Horn has given me confidence and I would recommend the Entrepreneurship major/minor to everyone."

- Emma Lynch, '19
