

## The Two Kits I Have Researched for CRISPR In the Classroom

Christiana Care

<https://rockland-inc.com/crispr-in-a-box/>

The screenshot shows the Rockland Antibodies & Assays website. At the top, there is a navigation bar with 'PRODUCTS', 'SERVICES', 'SUPPORT', and 'ABOUT'. Below this is a search bar with the text 'Enter Keywords...' and a 'Search' button. To the left of the search bar is the phone number '800.656.7625'. To the right is a shopping cart icon with '0 items' and links for 'My Rockland', 'Log In', 'Register', and 'Contact Us'. The main content area features the 'CRISPR in a Box™ Educational Kit' with a detailed description: 'In partnership with the world-renowned gene editing team at ChristianaCare and the experienced instructors from Delaware Technical Community College, Rockland is proud to provide this revolutionary educational kit to classrooms and life science companies around the world. Because of the efforts of these partners and the support from the National Science Foundation, this kit has already been used to train more than 100 students and over 50 community college faculty across the US--while being modified and improved to keep pace with the ever-expanding technology. Now, we aim to make this kit globally accessible, training the next generation of scientists and ultimately advancing life science to foster a better world.' Below the description are four icons representing features: 'Quick, 1-2 Hour Reaction Process', 'No Sophisticated Equipment Required', 'Safe, Cell-free Reactions', and 'Adaptable to Full Curriculum'. A 'BUY IT NOW' button is centered below these features. On the right side, there is a 'Contents' section with links to 'How It Works', 'CRISPR/Cas System Overview', 'Kit Details', 'Expected Readouts & Results', and 'FAQs'. Below that is a 'Related' section with links to 'Custom CRISPR Services', 'Gene Editing Workshops', 'Blocking Buffers', and 'RFP and GFP Antibodies'.

Biorad

<https://www.bio-rad.com/en-us/product/out-blue-crispr-genotyping-extension-kits?ID=Q0JGD4E0801Y>

The screenshot shows the Biorad website product page for the 'Out of the Blue CRISPR Kit'. On the left is an image of the kit components, including a yellow box, a white box, and various lab supplies like pipettes and tubes. The product name is 'Out of the Blue CRISPR Kit' with the model number '12012608EDU'. The description reads: 'CRISPR-Cas9 gene editing kit, includes Refill Pack (12012620EDU) materials, LB agar and broth, Petri dishes, inoculation loops, and microtubes. For educational use only — not for self-administration.' On the right, the pricing is shown: 'List Price: \$293.75' and 'EDU Price: \$235.00'. There is a 'Quantity' dropdown menu set to '1' and a green 'Add to Cart' button. Below the 'Add to Cart' button are two more buttons: 'Add to Hot List' and 'Add to Quote'.
